“CALLS FOR SERVICE”

The first section of this report is the “Call for Service” Report. This is a listing of the calls that were made for police assistance in the City of Spring Grove. In 2013 we had a total of 736 “Calls for Service,” that compares with 562 in 2012. The increase in the “Calls for Service”, I believe, is certainly from the council bring back and filling the second patrol person position and the part-time position to be used to fill in more of the gaps from vacations and other unforeseen incidents.

Criminal Cases Investigated

After a "Call for Service" has been received and an officer responds, we have two functions to perform. We take the necessary actions to complete the call. For example, in the case of where we are called to unlock a vehicle, because the owner locked the keys inside, and once the vehicle is unlocked, the call is complete and we have no further action. In the event that we have determined that there has been a crime committed, an investigation is started. The evidence is collected and the victims and/or the witnesses are interviewed. There are also situations where the sheriff's department initially responds to the call, but the case is referred back to the police department for further investigations and follow-up.

In 2013 there were **197 criminal cases** that we conducted further investigation into. Here is the breakdown of the cases that we investigated. You will also find the page entitled "Investigation Clearance." This describes how the cases were brought to a final conclusion. As a note, the totals do not match in sections of this report, as there are many cases that have multiple charges that are filed. Last year we spent approximately **514.6 hours** of time conducting investigations. The calculation concludes that we had a **CASE CLOSURE RATE OF 82% FOR THE YEAR.**

Other Items of Interest

One of the interesting things that the council may not be aware of is the amount of revenue that is generated through the police department. In 2013, it is estimated that the police department generated over \$16,300.00 dollars in revenues. Revenues came from fines that were imposed by the court, NSF check collections fees and other sources. There is a direct increase in some of the categories simply by the addition of Officer Heiden's position. As a note, the police department also processed and collected for local businesses a total of \$1,996.00 in Dishonored (Bad) Checks in 2013.

The following chart demonstrates the fiscal responsibility of the police department that we continue to strive for.

YEAR	BUDGETED AMOUNT	ACTUALLY SPENT	UNDER/OVER BUDGET	PERCENTAGE UNDER BUDGET	INCOME GENERATED BY YEAR	ACTUAL COST OF DEPARTMENT

In Closing

Just a couple of other items to mention. As you recall, the police department investigated its first methamphetamine lab within the city borders. We have also had a number of controlled substance cases where narcotic were seized. We also seized a number of vehicles both from the narcotics arrests and also DUI arrests.

I hope that this report did not become too lengthy or boring. I have tried to assemble a report that gives the council a more appreciative look at the duties that the police department performs on a daily basis.

My hope of this report is that it is a start of a dialogue between the members of the council and the police department. For the sake of the council, there is a large amount of information that is not covered in this report. It is my hope that this report not only answers a few questions, but it should also create more questions of really what your police department does.

As always I thank the council for taking their time to review this report.

Respectfully Submitted,

Paul J. Folz

Chief of Police
