SUBJECT: 2016 End of the Year Report

The following is a summary of the activities, and other information of the Spring Grove Police Department for the year 2016.

As always, if there is information that you would like clarification on or more details on, please feel free to contact me.

Thank-you for taking the time to look at this report.

Sincerely,

Paul J. Folz
Chief of Police

What types of calls do the Police Department respond to?

The next 29 pages will hopefully give you the answer to that question.

“Incident Complaint Report (ICR) also called “CALLS FOR SERVICE”

The first section of this report refers to the activities that the police were involved in for 2016. With our records management program we continue to refine and have also increased the information that we can track and use, including information contained in this report.

The first 3 pages shows a generic breakdown of the calls that were received in the City of Spring Grove and showing them in a general category.

The following 25 pages is a listing of the Incidents, along with the case number. One of the new features of the system is that we can categorize incidents under a “general” category, but also subcategorize the incident. As you review this section, if you see “None Selected” listed in the second column. This means that there is no subcategory for this type of call. This may give you a better idea of the types of incidents that occur in the city.

Calls for Service Day Of Week

Calls for Service Hourly

1/1/2016 to 12/31/2016

Criminal Cases Investigated

After an "ICR" has been recorded, then an officer responds, we now have two functions to perform. We take the necessary actions to complete the call. For example, in the case of where we are called to unlock a vehicle, because the owner locked the keys inside, and once the vehicle is unlocked, the call is complete and we have no further action. In the second event, we determine if there has been a crime committed, if the answer is true than an investigation is started. The evidence is collected and the victims and/or the witnesses are interviewed. There are also situations where the sheriff's department initially responds to the call, but the case is referred back to the police department for further investigations and follow-up.

On the next page, you will also find the page entitled "Spring Grove Police Department Case Disposition." This describes how the cases were brought to a final conclusion. Just a couple of notes, the Restitution made category will typically have the NSF Check cases but also situations like a "Gas Drive Off" where a customer came back and paid for the fuel and No Charges were filed because they paid for the fuel after we contacted them.

Last year we spent approximately **609.8 hours** of time conducting investigations. The calculation concludes that we had a case closure rate of 97% for the year.

Other Items of Interest

One of the interesting things that the council may not be aware of is the amount of revenue that is generated through the police department. In 2015, it is estimated that the police department generated over \$24,471.00 dollars in revenues. Revenues came from fines that were imposed by the court, NSF check collections fees and other sources.

The following chart will illustrate the fiscal responsibility that the police department exercises year after year.

Spring Grove Police Department Budget by Year

In Closing

I hope that this report did not become too lengthy or boring. I have tried to assemble a report that gives the council a more appreciative look at the duties that the police department performs on a daily basis.

My hope of this report is that it is a continuation of a dialogue between the members of the council and the police department. For the sake of the council, there is a large amount of information that is not covered in this report.

As always I thank the council for taking their time to review this report.

Respectfully Submitted,

Paul J. Folz

Chief of Police
